WHAT TO EXPECT:

Each audition group will receive 2 videos a couple weeks prior to auditions to learn on their own. The videos will include a short Contemporary combination and a short Hip Hop combination. Even if your dancer is not interested in either of these styles, they must still audition in them. The only optional style is Acro, which will be the last portion of the auditions. Below, you can see the layout of auditions:

1. Ballet Barre
2. Jazz Progressions (across the floor)
3. Contemporary Combination
4. Hip Hop Combination
5. Acro (optional)

WHAT TO WEAR:

Please have your dancer come in all black and any dance shoes they have. Our recommendation is to wear a black leotard, any color tights, and shorts or leggings to put on top if they want to wear after the Ballet portion. Dancers will not be allowed time to change in the audition except to change their shoes.

Dancers must have their hair in a bun or ponytail, out of their face. If your dancer's hair is too short for either of those options, please make sure it is pinned away from their face.

HOW TO PREPARE:

If this is your dancer's first time auditioning for us, don't stress! There will be time within the audition to review all combinations. We encourage dancer's to get together in their spare time to review the combinations together. Please make sure to send them with a water bottle and most importantly, have fun! We can't wait to see you!
